## SAFETY AND HEALTH IS OUR BUSINESS

- Since 1988, we have been positively impacting people's lives. Today, more than ever, we stand ready to answer your call for help.

- Hamilton County Emergency Medical Service Ambulances are staffed with highly trained paramedics, implementing immediate medical care and providing swift transportation to the proper healthcare facility.

- We have a Special Response Team (SRT) used for large scale events. This provides a quicker response in places that are difficult to access with an ambulance.

From our family to yours, we are here for you in your moment of crisis. Our service is based on a foundation of principles. They include professional leadership, training, mutual respect, customer service, and teamwork. With these core values,

**WE ARE THERE WHEN YOU NEED US!**

- Hamilton County Emergency Medical Services is committed to making a difference in the health and welfare of others.
- Our extraordinary people live their lives in an unselfish service to their community.
- We make an immediate impact by helping people who are experiencing one of the most crucial moments of their lives.

- Our professional skills and training save lives and makes a positive contribution to the schools and to the community.
